## EXAM DAY

Please arrive at the test center thirty (30) minutes before your scheduled appointment time. This will give you adequate time to complete the necessary sign-in procedures. Be prepared to show identification. If you arrive late to the exam, you will be refused admission and exam fees will be forfeited.

## WHAT TO BRING

**REQUIRED: Two (2)** forms of current (unexpired) signature-bearing identification, one of which **MUST** be photo-bearing. Please refer to the *Acceptable Forms of Candidate Identification* section below for additional information.

**OPTIONAL:** The Pennsylvania State Land Surveying Examination is open book and reference materials may be brought to the test center provided they meet the requirements identified in the *Reference Materials* section on the next page.

## REFERENCE MATERIAL GUIDELINES

Reference materials must be bound and remain bound during the exam.

Bound refers to materials permanently bound, as by stitching or glue, and materials securely fastened in their covers by fasteners that penetrate all papers. Loose paper may be bound with ring binders, brads, plastic snap binders, spiral bound notebooks, and screw posts, but not with staples. Writing tablets and legal pads are not allowed.

You may tab reference books before the exam with sticky notes and flags, but pads of sticky notes and flags are not permitted in the exam room. You may not write in any of the reference materials during the examination.

Materials that do not meet these guidelines will not be permitted inside the testing room.

### GUESTS/VISITORS

Guests, visitors, pets, interpreters, or children are not allowed at the test centers.

## THE EXAM

The Pennsylvania State Land Surveying Examination will consist of 30 scored and 5 “pretest” multiple choice questions. (Pretest questions are questions on which information is being collected for use in making future exams. Your answers to pretest questions do not affect your score. Pretest questions are mixed in with the scored questions and are not identified.) You will have 120 minutes to complete the exam, which will begin after you have accepted the terms of the Non-Disclosure Agreement.

Each examination item will consist of a question and four answer options. If you do not know the answer, you may guess or move on to the next item. However, please note that unanswered questions will be marked as incorrect. If you want to review a specific question after completing the test, you can click on "Flag for Review" to mark the question. If you click on "Flag for Review," the flag will display in yellow. At the end of the test, you may have time to review questions that you marked. Questions flagged for review will appear with a blue flag in the Review Screen. You may then go back to the flagged questions and answer them or change your response.

Pearson VUE highly encourages all test takers to review the online tutorial (<http://www.pearsonvue.com/demo>) before arriving to the test center. The tutorial will help familiarize yourself with the look, feel and navigation of a Pearson VUE computer-based test.

If you give help to someone or receive help from anyone during the exam, you will be asked to leave the room immediately. The results will not be scored and the incident will be reported to the Pennsylvania State Registration Board for Professional Engineers, Land Surveyors and Geologists. Anyone who takes or tries to take materials or information from the testing room is subject to prosecution.

All exam questions, each form of the exam, and all other exam materials are copyrighted by and the property of Pearson VUE. Any distribution of the exam content or materials through any form of reproduction, or through oral or written communication, is strictly prohibited and punishable by law. Anyone who removes or tries to remove exam material or information from the test site will be prosecuted to the fullest extent of the law.

# SCORE REPORTING

---

At the conclusion of the examination, **preliminary** exam results will be provided. Your official license will verify passage of the exam and confirm the preliminary report.

## SCALED SCORE

The passing scores of the licensing examinations were set by the Pennsylvania State Registration Board for Professional Engineers, Land Surveyors and Geologists (in conjunction with Pearson VUE) after a comprehensive study was completed for each examination. Raw scores are converted into scaled scores that can range from 0 to 100. To avoid misuse of score information, numeric scores are only reported to failing candidates. The scaled score that is reported to you is neither the number of questions you answered correctly nor the percentage of questions you answered correctly. With a passing score of 75, any score below 75 indicates how close the candidate came to passing, rather than the actual number or percentage of questions the candidates answered correctly.

## PASSING

After you have successfully passed the examination and upon satisfactory evidence that you have met all statutory requirements, your license will be issued. Please allow approximately 30 days for the Board office to process your license.

To verify whether or not a license has been issued, an applicant may search the State's web site using the following link: <http://www.licensepa.pa.gov>.

## FAILING AND RETAKING AN EXAMINATION

To schedule a retake examination, use the web reservations on the Pearson VUE web site at <http://www.pearsonvue.com/pa/bpoa>. Reservations for reexamination cannot be made at the test center, and **you must wait twenty-four (24) hours from your failed examination before making your reservation.**
